MOVING FORWARD. CREATING CHANGE. IMPACTING LIVES.

Now, in its fourth decade, Children’s Action Alliance (CAA) continues to fearlessly advocate for the well-being of Arizona’s children and families. We continue to create real change through in-depth policy analysis and community mobilization in our core policy areas of child welfare, health, early childhood, and economic equity.

Last year, we made great strides to protect and expand key supports for children and families. We worked to increase financial support for kinship families, helped eliminate the wait list for the childcare subsidy for working parents, and protected KidsCare health coverage. We also worked tirelessly to ensure sufficient funding for our schools.

As many of you know, this year is the advent of new leadership for our organization. Dana Wolfe Naimark stepped down in the fall of 2019, after a successful and dynamic tenure as CAA’s president and CEO. Dana brought forward high-caliber thought leadership and bold advocacy. In September, Siman Qaasim was unanimously appointed by the board of directors as CAA’s third president and CEO in the organization’s 31-year history. Siman previously served as the director of health policy and championed significant health care protections for Arizona children.

We also said farewell to Beth Rosenberg, CAA’s child welfare director. Beth led many positive changes for children involved in the child welfare and juvenile justice systems during her 23-year tenure. Both Beth and Dana leave deep legacies for us to build upon.

We trust that this annual report will provide you with our 2019 highlights and give you a glimpse of our agenda for 2020. We have so much to do! And, it is because of you that we have the resources and support to advance smart policy for children.

Thank you for standing with us!

ACCOMPLISHMENTS

HEALTH

35,000 Protected KidsCare affordable health coverage for 35,000 children in working families, thanks to a strong coalition of partners, supporters, and lawmakers.

200% ENROLLMENT INCREASE
Successfully advocated for system improvements so hundreds more former foster youth have access to health coverage.

400,000 Worked with stakeholders to stop Medicaid work reporting requirements that threatened to push 400,000 Arizonans off health coverage.

CHILD WELFARE

5,485 Improved the financial stability of children living in foster care by wiping out bureaucratic barriers for the monthly $75 stipend to kinship families who don’t have a foster care license.

2,700 PER YEAR
Expanded access to vital mentoring and support beyond age 18 for young adults who have lived in foster care.

ARIZONA CENTER FOR ECONOMIC PROGRESS

$100 MILLION+ PER YEAR
Convinced lawmakers to speed up restoration of previously cut classroom funding through the District Additional Assistance Funds.

$300 MILLION
Preserved $300 million in state revenue by blocking new tax cuts and credits.

$267 MILLION
Phased out the automatic growth of corporate private school tax credits. This 2007 credit initially took $10 million from the state budget and would have cost $267 million by 2025 if it remained on autopilot.

EARLY CHILDHOOD EDUCATION

$56 MILLION With the Arizona Early Childhood Alliance (AZECA), connected more children with higher quality learning by directing $56 million to eliminate the waitlist for affordable childcare. Provider reimbursement rates were raised for the first time in over a decade, allowing providers to reduce the parent out-of-pocket co-pay.

OUR CHARGE

Children’s Action Alliance (CAA) is an independent voice for Arizona children at the state capitol and in the community. CAA improves children’s health, education and security through information and action.
CHILD WELFARE
• Restore supports to grandparents and other kinship caregivers who step in when parents are unable to care for their children.
• Help abused and neglected children placed with relatives by DCS get the financial help they need.

HEALTH
• Knock down barriers that prevent former foster youth from keeping their health coverage.
• Provide pregnant women participating in Medicaid comprehensive dental care during pregnancy.
• Prevent attacks on Arizona’s public health by mobilizing against anti-vaccination policies.

EARLY CHILDHOOD EDUCATION
• Provide safe, quality child care options for working parents of young children by increasing the childcare subsidy reimbursement rates.
• Closely monitor attempts to spend state dollars on online learning products aimed at preschool-aged children.

PUBLIC EDUCATION
• Shorten Arizona students’ wait for new textbooks, technology, and school buses by accelerating the restoration of District Additional Assistance Funds.
• Raise the academic performance of English Learner (EL) students by allowing schools to adopt evidence-based dual language instruction.

ARIZONA CENTER FOR ECONOMIC PROGRESS
• Restore $30 million to the Housing Trust Fund, a state fund to create more affordable housing.
• Fix our public-school buildings by restoring the funding formula to the School Facilities Board.
• Provide $25 million to support need-based student aid to compensate for last year’s underfunding of the Arizona Financial Trust.
• Stop all new tax cuts, credits, and exemptions.
